14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measur										
	the action ► NYLI C	ushing MLP Premie	r Fund distrib	outed monthly divider	nds to shar	eholders during its fiscal year				
en	ded November 30, 2024	. A portion of these	distributions	was in excess of its of	current and	d accumulated earnings and profits (E&P).

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis The portion of the distribution which is a nontaxable return of capital should reduce the basis of

shares in the hands of a US taxpayer to the extent of the shareholders adjusted basis. To the extent the return of capital exceeds the shareholders adjusted basis the distribution will be taxed as a capital gain to the shareholder. See the attachment for applicable share amounts.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► At the close of the fund's fiscal year on 11/30/2024, the fund's current & accumulated E&P was calculated under
IRC Section 312 as modified by section 852(c) for a Regulated Investment Company (RIC) and the regulations thereunder. The amount of E&P was compared to the amount of the fund's fiscal year distributions. Distributions in excess of E&P were characterized as return of capital and should be applied as a reduction in each shareholder's tax basis in the applicable shares. See the attachment for applicable share amounts.
